

E-TANDEM

NATIONAL PLATFORM FOR HIGHER EDUCATION LINGUISTIC TANDEMS

Are you a student or employee of a Swiss university? Would you like to improve your spoken skills in another language?

Discover the Linguistic **TANDEM**!

The Linguistic **TANDEM** opens up new learning opportunities. As a complement to traditional language courses, it focuses on oral communication: two speakers of different native languages pair up and teach each other through regular face-to-face or virtual meetings (via FaceTime, Zoom, Teams, etc.).

Through edu.e-tandem.ch, you can easily find a language partner within your own institution or at a partner university.

Don't wait any longer: give it a try, it's worth it!

Free offer, open to students and employees of the partner universities.
